Experienced Tractor Trailer Diesel Mechanic

Job Purpose:

Looking for a well rounded and experienced general practitioner mechanic experienced in all facets of truck maintenance, not just one or two specialties to join our team.

Mechanic to Support full function shop and maintenance department for heavy duty over the road motor carrier operating late model Peterbilt and Sterling C15 and C12 Caterpillar Engines. Job functions include all aspects of diesel truck and trailer maintenance from performing PM's on the one hand to brakes and hydraulic repairs and/or major engine/transmission rebuilds and/or electrical and welding.

Must be able to multi-task, and juggle multiple projects in a fast paced environment. Candidate must be fluent in English both verbal and written. Certified mechanics preferred. Candidate must be able to work effectively in a team or solo project.

- Must have full set of tools
- Must have personal transportation to and from work
- 10 years minimum experience required
- CDL Licensed Driver Preferred
- Willing to work Overtime when required
- Willing to assist in emergency on call after hours when needed.
- Some Welding and AC repair work preferred
- Must pass criminal background check
- Must pass pre-employment drug screen.
